

Announcement#01

Group Selection

Deadline Tuesday 07/03/2023

For 5th year Mechatronics Engineering Students

Regarding the final year projects (senior projects)

1. This is the first announcement just for group formation (selection).
2. Students are required to distribute themselves in groups of (2 to 3 students).
3. Maximum number in each group is **three**.
4. Submit your group to the chairman office no later than **Tuesday, 07 March 2023**.
5. Those who fail to submit their groups will be distributed by the department randomly after the deadline.
6. Use the below table to submit your group:

عنوان المشروع (إن وُجد)	رقم الطالب	الإسم	#
			.1
			.2
			.3

Next:

- i. The department will distribute the groups for faculty members.
- ii. In the next announcement, each group will know how their supervisor is.
- iii. Contact your supervisor and start your project.

Dr. Amin A. Mohammed
